

سپاهان پلیمر فام

Sepahan Polymer Fam

PRIMER ARDUX260

ARDUX500 is phenolic base with nanosilane that proper for top coating.

ARDUX500 is resistant to corrosion and high humidity and salt solution and bacterial agent.

Ardux500 obtain high adhesion to composites polymers surfaces provide chemical and no good smell.

ARDUX500 USE FOR BELLOW REASON:

-resistant to ultraviolet ray (uv)

-resistant to temprature up 280°c

-safe top coating

-nasty smelling
